

GAME 1 – WATCH ‘EM SNIFF

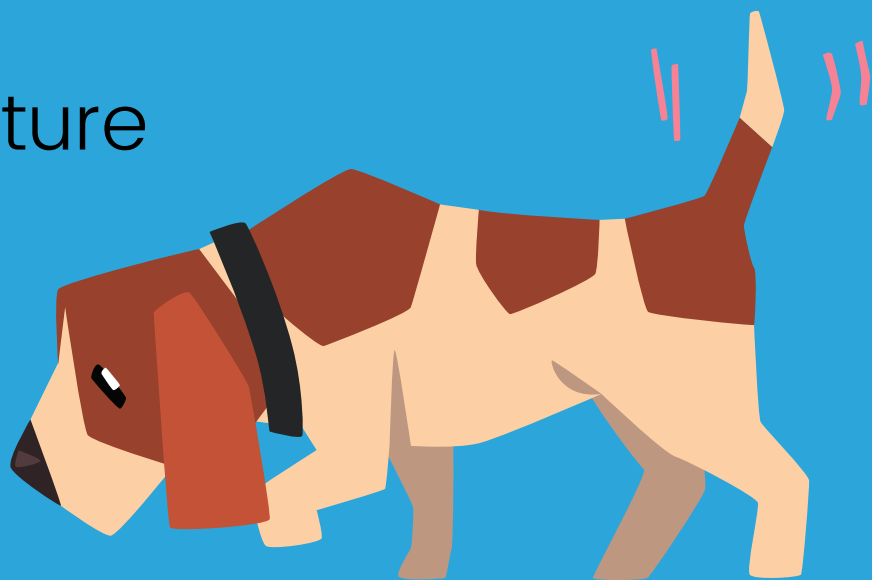

Your first task is to learn about your dog's sniffing behaviour.

Find somewhere safe for your dog to be off-lead and watch him sniff!

Find somewhere new (or not recently visited) where your dog can be off lead. (Tennis court? Garden? Woods? Park?)

Observe your dog to become familiar with his sniffing technique:

- head movements
- change in body posture
- tail position
- wag speed
- changes of pace
- signs of focus
- distance from object being sniffed
- changes in sniffing
